

COKE AND MENTOS EXPERIMENT!

COKE AND MENTOS EXPERIMENT

What to do:

1. Connect the mentos tablets using the needle and string.
2. Slowly open the 1-liter bottle of soda, making sure not to spill due to the carbon dioxide escaping from the bottle
3. Time for the fun part!! Drop the mentos into the bottle and watch the massive explosion!!

Ingredients:

- A 1-liter bottle of Coca Cola
- A pack of mentos
- A needle & a string
- Open surface - where you do not mind messing up
