## MAKING A CHRISTMAS SNOW GLOBE

### What to do:

1. Securely glue the figurine to the inside of the mason jar lid and let it dry
2. Fill the jar with water and add in 2 tablespoons of glitter
3. Add a few drops of glycerine, this will help the glitter float
4. Now, screw the lid on the jar and you have an incredible DIY snow globe
5. To make the "snow" fall" shake up the jar

### Materials:

- A mason jar
- Santa Figurine or any plastic figurine
- 350 ml (1 ½ cups) of Water
- 2 tablespoons of glitter
- A spoon
- Super Glue
- Glycerine
